OSTERMAN FOR TAGGART.

Albert Lieber, Too, in Line, with Promise of a Big Fund.

John Osterman, Democratic member of the Board of Works, has declared for Tom Taggart for Mayor. He is also for Cornelius Mayer for city clerk, and will use his influence in the party for their success. The Democratic workers are talking now of no one else for Mayor and it is altogether likely that the Democratic nominee will be Tom Taggart. There is so much of the good fellow about Mr. Taggart that the wide-open element of the party count one of them. Albert Lieber, it is claimed, has promised the campaign committee \$25,000 if Tom is nominated counting on the Sunday sales and the lifting of the inhibition upon the evil resorts of the city to reimburse the liquor element for their expenditures in behalf of the Democrat nominee. The gambling fraternity is also very entausiastic for the pro-prietor of the Grand Hotel. So certain does the combination feel of success both in the convention and at the polls that places for the smaller politicians have begun to be talked of. Sam Perrott is to have a place Tom Hedian will resign his postoffice civilservice job for something better in the city. August Kuhn is to be president of the Board of Safety. Tom Colbert is to quit the beer business to become chief of police so that he may enforce the Nicholson law. All this is in the programme. The courthouse crowd is to be again extended to the basement, if the voters make the opportunity. From the indications about the eadquarters of the workers, no other name for Mayor will be presented than Tom Taggart's and his consent will not even be asked. There are indications lately. however, that Taggart is willing to be the party's standard bearer. He said yesterday that he would not announce his promised ultimatum until the Board of Tax Review gets through its work, but if precedent has any force, the answer will again be post-

THE MAYWOOD CRIME

LITTLE VARIANCE IN THE DETAILS AS TOLD YESTERDAY.

"Doe" Hughes Placed Under Arrest-Version of the Affray with Zimmerman-Englen's Body.

The details of the murder of Si Eaglen by Chris Zimmerman at Riverside Park Sunday night differ very 'ittle from the reports printed yesterday morning. Following the shooting there was a great deal of excitement, and nearly every one who ON had witnessed it fled, but, rather strange under the circumstances, the first stories of the affair were correct. The story of the murder, as deduced from the evidence

of the witnesses follows: Si Eaglen was attempting to run River-A Skirt pattern for which you would pay by the yard, \$3.25, for \$1.49, etc. Short lengths of Wool Goods for children's dressus, for waists and skirts. We wish to sell these, and have marked them EXTRA was regarded as a genial sort of an individual, with a likeness for sports, but seldom became drunk or quarrelsome. Zimnerman's reputation is bad, he being known as a gambler and fighter. Thinking his wife was at Eaglen's place in company with Harry, or "Doc," Hughes, Zimmerman drove down there Sunday night, ing his wife in the log cabin saloon and Hughes also in the crowd. Zimmerman threw a beer glass at Hughes and shot at him. Zimmerman was taken from the place by friends, and after Hughes, Mrs. Zimmerman and others had disappeared he was allowed to return. Hearing the shooting Eaglen returned and saw at a glance

that Zimmerman was the cause of all the

trouble. Eaglen got a shotgun, prepared to drive Zimmerman from the place or bluff him into keeping order. He fired Loth barrels, but the fact that Zimmerman was not seriously wounded is evidence that injury was not intended, for Eaglen was a fine shot and he could have blown Zimmerman's head off if he had chosen. Zimmerman was not to be conquered so easily and he fired his revolver, killing Eaglen. The scene of the murder is probably one of the prettiest places in the county. The grove fronts on the river, which is broad the I, & V. railroad and runs south. Near the river stands a rustic little log cabin in Which there is a bar. Around the cabin are piled beer kegs. About one hundred feet away is the dining hall. When Eaglen gave a big chicken main last month persons in attendance entered the cabin, where they were inspected by the bartender, and if thought "all right" allowed to cross the river to the pit. The place has recently become the rendezvous of a tough element of the city, driven out by the closing of the saloons and the strict enforcement of the liquor laws. The place has been conducted in open defiance of the law and there is a remonstrance now before the the river stands a rustic little log cabin in there is a remonstrance now before the County Commissioners against a renewal of Eaglen's license. Eaglen has contended of Eaglen's license. Eaglen has contended that his park was quiet and orderly. He has been making a fight for a new license, and it is thought that when Chris Zimmerman came to the place Sunday night hunting trouble, Eaglen was enraged and decided to show that order must be preserved. Eaglen was a fine marksman and he could easily have killed Zimmerman. The latter has a very shady reputation, being known as a shell worker, a quarrel-sque fellow and a "bad man" when intoxicated. He is well known to the police. Last year he followed the fairs and old settlers' meetings, working different kinds of games. At Bloomfield he robbed a farmer by trickery, and an attempt was made to arrest him. He fought and escaped with a bullet in his arm, driving twenty-five or a bullet in his arm, driving twenty-five or unconscious while fishing north of the city.
The old man said something which offended Zimmerman and he struck the man with a cane which he carried. merman was never arrested. But in most of the cases in which Zimmerman has figured his wife has been the cause. He was extremely jealous of her and to see evidence for a fight. Mrs. Zimmerman is a pretty woman and was married twice before she met Zimmerman. She was raised well, being the daughter of a Vincennes wholesale man, and her advantages cennes wholesale man, and her advantages were the best. She has been a prominent figure about road houses and wine rooms, which caused her husband a great deal of worry. Mrs. Zimmerman says she did not go to Eaglen's place Sunday in company with "Doc" Hughes. She drove out in the afternoon with a Mrs. Mandering, but left early, going to Oklahoma. There she heard that her husband was hunting for her and, fearing the result of a meetfor her and, fearing the result of a meeting, she returned to Eaglen's. She was in the cabin saloon when her husband entered. Hughes was there with another woman, but Mrs. Zimmerman says she did not speak to Hughes. Zimmerman entered with his brother Jack and Mrs. Zimmerman ran out and met Eaglen, who advised her to leave, as her presence might result in trouble. Mrs. Zimmerman hid under the in trouble. Mrs. Zimmerman hid under the porch of the dining hall for a time and then crawled out and started to walk to the city. She heard shooting but did not know anyone was killed until this morning. She was badly frightened, for she feared her husband would kill her if he found her, as they quarreled a few days ago and separated. Mrs. Zimmerman fell by the roadside on the way to the city, but a hack picked her up and brought her here. She seems to be deeply grieved over the affair and says she loves her husband. Zimmerman drove up with his brother and entered the cabin the election of any candidate, and that saloor. He threw a glass at Hughes, who leaves him in. he thought was with his wife and then fired two shots. Zimmerman was taken from the place and Hughes was hid in a closet. Mrs. Zimmerman fled. Eaglen came up, declaring that he would have order out of the eighty short-term and appointive and he fired the shotgun, one barrel to-ward the ground and the other toward the ceiling. Eaglen turned to go to the dining hall and Zimmerman fired. Eaglen walked for a few feet, staggered and fell.
"Doc" Hughes surrendered himself yesterday to Marshal Parry, of West Indianapolis. He is charged with assault and
battery with intent to kill, as one story says he fired his revolver at Zimmerman when the latter entered and in doing so

lost a finger. Hughes did not go to Eaglen's with Mrs. dimmerman, but went with another woman. Neither Coroner Castor not the police were able to find yesterday the unknown woman supposed to have been shot during the duel. is not thought that any one else was injured, but it is not improbable that some woman fainted under the circumstances and had to be carried away. When Coroner Castor arrived a short time after the murder only a few persons could be found on the grounds. Yesterday it was learned that there was a number of persons pres-ent who fled at the first indication of

A post mortem examination was held on the body of Eaglen yesterday by Dr. R. F. Bigger. It was found that the ball, a thirty-two caliber, had entered below the left shoulder and, passing through the apex of both lungs, lodged in the first rib. Over the locality where the bullet was found was tattooed a dagger handle, representing the blade as penetrating the flesh. Chris Zimmerman was arrainged in Police Court yesterday, charged with murder, Kealing & Hugg and Henry N. Spaan have been retained to defend him. The case was continued until Saturday, giving time in which the grand jury, now in session, can return an indictment.

THE FOUR-MILE LIMIT.

Council Has Not Passed the Ordinance

Respecting Police Surveillance. "I don't know what we are going to do ny, yesterday, in commenting on the Maywood tragedy. "The question is a vexatious one to the city authorities just now. I don't believe that the city has any authority to molest the Maywood resort. I think it is more than two miles beyond the corporate limits. The corporation of West In-dianapolis is nearer Maywood than our town and if anything is done toward abat-ing the annoyance I should think it would be done by the suburban city. The city could have jurisdiction within four miles of the limits if the Council would make an ordinance of this character. But this has never been done. As to the road houses conforming with the provisions of the Nicholson law, we will use every effort in our power to compel them to do so. It would cost a great deal of money to put the police on guard over these places, and it could not be done. However, we shall make an especial effort to look after any specific violations that may be reported. I don't know

what is to be done about the Kissel garden. I have been away for a week and only know that the city attorney is looking up the

Judge Woods left yesterday for Chicago to attend to some Appellate Court business, which is supposed to be the Debs case, and, from expressions made by him some days ago, it is believed that his decision will be such that Debs and his companions will serve all sentences at one time. This would make Debs's punishment six months, instead of twelve, as it stands now.

BOARD OF REVIEW MAKES A RE-DUCTION OF NEW ASSESSMENTS.

County Already Contributes \$100,000 More Each Year to the School Fund than It Draws Out.

The County Board of Review vesterday took action upon the tax assessments and made a movement that will be welcomed by the property owners of the city. The assessments of real estate were in some cases raised to two and three times the valuation under the appraisement for 1891, which was thought to be a fair one. It was held that real estate had not shown any increase since the former appraiseeffect of the new appraisements, which the assessor says were aimed to approximate as nearly as possible the real value of the properties, would be to tax the township disproportionately. The county has been paying into the school fund of the State \$100,000 a year more than it draws out, and this new assessment would double this excess of school fund payment. The board therefore adopted a general order reducing all assessments to the basis of 189; (practically that of 1891), thus indicating that in its opinion the property values of the realty in Center township have just held their own. The order reads as follows: "Ordered, by the Board of Review, of Marion county, Indiana, that the assess-ment of real estate in Center township, including therein the cities and lowns, for the year 1895, be and the same is hereby at that place. The road leading to the assessed April 1, 1894, as is shown by the place begins at the Maywood station on records in the county auditor's office and assessor's office of Center township, cept in cases where it is especially other-wise ordered by this board, or where new improvements have been made since last-named date, which shall be added to said assessment of April 1, 1894."

TRUSTEES HOLDING ON

TOWNSHIP OFFICERS QUESTION VA-LIDITY OF LAST ELECTIONS.

Contests Probable, It Is Claimed, in 80 Out of 1.014 Townships in

the State.

The township trustee's office is an important one for the people of the State of Indiana. They control and spend a very large proportion of the money paid in by the taxpayers. They are practically unlimited in their control of the funds in their hands. A claim is made by Jacob Albaugh, of Oxford, Benton county, that the old, or present, trustees are entitled to hold over, as the election held last fall was not constitutional. Albaugh claims the Constitution says when this election shall be held, and that last fall was not the time. He is year as trustee. He was elected for one term of four years, and, according to law, turn the office over to him. They then ordered that a trustee be elected at the fall election, which was done, but again Al-baugh refused to turn the office over, claim-ing that the election was not held at the proper time. The matter was taken to the courts and Albaugh was victorious. This gave him another four-year term, and as the terms of all the trustees were extended by the Legislature he is now serving his

He was graduated with honors, and then entered the naval service of the United States. He served with distinction for many years, and is now retired with the rank of captain, and lives in Bethlehem, Pa. He recently lost his wife, to whom he was devotedly attached. In her memory he has just given the city of Bethlehem a gift of \$5,000 as an endowment fund for its hospital. The fund is to be known by the name of his wife, Anna Lewis Wiley, and the proceeds wife, Anna Lewis Wiley, and the proceeds are to be used in any way that the trustees of the hospital see fit. It was only a few months before that Captain Wiley gave to the Children's Home of South Bethlehem a large sum for a building, which is also to bear the name of his wife. The directors of the old home for children had bought a lot, being under necessity of removing to better location, and at this time Captain Wiley stepped in and agreed to take the plans and pay for the building if it were allowed to bear his wife's name. ROUSING RECEPTION TO THE VIC-TORS AT THE UNION STATION.

Winning Team Escorted by the Local Militia-Mayor Denny Makes a Short Speech.

The crack team of the Indianapolis Light Artillery returned home triumphantly from the St. Louis contest last evening, at 6:40 o'clock. Each member of the team was bedecked with blue ribbons, indicating victory, the fifteenth first prize which the company has won. The reception given the victorious team at the station was a rousing one, as the victors were cheered and fairly taken in the arms of their friends in walting. Four or five hundred people were at the station, besides the band and military companies. In the crowd there were many young ladies, each wearing the colors of the company-purple and gray. Some fear was entertained lest Captain Curtis would be torn to pieces by his friends, who were joyed over the victory which he and his men won. The Endeavorers' Official Train. The official train for the Christian Endeavor people left the Union Station last evening at 7 o'clock. There were seven sleepers, every section taken. Many have taken advantage of the rates to Boston and will go there and continue their journey to other places. The members were badges of blue silk with a celluloid disc bearing the words "Indiana Union," and the C. E. monogram. These will admit the wearers to the convention. Boston is ready to entertain sixty-five thousand Y. P. S. C. E, and In-

Very few of those bound for the convention checked any baggage and those who stood waiting for the trains had valises, telescopes, shoulde straps, baskets and boxes at their feet, to say nothing of canes and umbrellas and reading matter. Experience has probably taught convention attendants that baggage departments are not so reliable as their own hands when there are such crowds as there will be at the Hub.

In the event of a new contract being drawn up. I would suggest a simple form, such as is ordinarily used in sculptor's contracts. Thanking you for your cordial letter, believe me most faithfully The regents were much pleased that Mr. MacMonnies expressed a willingness to undertake the work, and authorized that he be requested to come here as soon as con-venient and enter into a new contract em-bodying the suggestions made by him. The cascades were not in operation yester-day because it was found that the work on the small motors was so heavy that it was rapidly burning them out. New motors are expected to arrive this morning. As there the present motors and put in the others, it is expected that the cascades will be in operation again to-morrow with additional power. There is an ample supply of water, and when the new motors are in place near-ly twice as much water will flow, which will be enough to make a constant fall from

day. Private Secretary King said, yester-day, that he did not think the Governor would leave Washington before last night. ENGLISH AS POLICE SPEAK IT.

Charges of Offensive Language Used by Patrolmen Strett and Johnson.

Patrolmen Jesse Streit and Al Johnson are charged by Fred D. Miner with having been guilty of conduct unbecoming members of the Indianapolis police department Mr. Miner has filed formal charges with the Superintendent of Police and declares his intention of prosecuting the case to the end. He says that while taking an evening stroll with his wife recently he chanced to walk over to South Cap avenue and on to Georgia street. Here Mrs. Miner complained that her foot pained her and stopped and leaned against a fence for a moment. While thus engaged patrolfor a moment. While thus engaged patrolmen Streit and Johnson came along and gruffly inquired their business in that vicinity. Mr. Miner replied politely and patrolman Streit, turning to Mrs. Miner, remarked. "It you had another bowl you would be funny." The lady did not understand the officer's language and asked for an explanation, which was not given. Her husband endeavored to explain their presence in the neighborhood, but declares that his statements were met with insolent retorts. Both patrolmen, he says, acted like drunken men. The case will come up before Superintendent Powell to-morrow.

THE REDISTRICTING ORDINANCE.

A Special Meeting Called for Wednesday to Consider It.

A special meeting of the City Council as been called by Mayor Denny for Wenesday night. The new ordinance providing for the changes in the ward boundaries of the city will be ready for the Council's consideration at the Wednesday night meeting. The Council elections committee, which has had charge of the work of redistricting the city, is almost through with its labors and Councilman Young says the result of the committee's work when made public will be entirely satisfactory to the people. But few of the precincts have been changed. The wards in the north part of the city, which have been too large, have been reduced and the smaller wards ncreased in territory.

Vases, Berry Bowls, Water Pitchers, Cream Pitchers, Plates, Captain Curtis walked between Mayor to the case. It was found that Miss Fran-cis had suffered a compound fracture of Glasses, Knife Rests, and many other pieces useful for the table, and ornamental.
